Trustee fee

The trustee may be paid a trustee fee to allow for certain costs incurred in its role as trustee of Catholic Super. The trustee fee is not an additional fee charged to you, as it is paid from the Fund's administration reserve. The Fund's administration reserve is built from the administration fees and costs already charged to you, as set out in the *Fees and costs summary* above. You can find more information about the trustee fee in the trust deed, which is available on our website.

In the first quarter of each calendar year, we'll update our website with the details of any trustee fee paid to the trustee by the Fund in the previous calendar year.

Insurance fee

If you have insurance cover, your insurance costs are inclusive of insurance premiums and an insurance fee, calculated at 4% of premiums. Premiums are paid to the insurer, while the insurance fee is retained by the Fund.

Changes to fees and costs

The fees and costs for Catholic Super may change in the future. We can vary the fees without your consent, but we'll give you 30 days notice of any material increase in the fees that are charged directly to you.

Tax

You can find important information about how super is taxed in our *How super works* guide available at csf.com.au/pds

Tax benefits passed on to members

Catholic Super claims a tax deduction on the administration fees and insurance costs we deduct from your account and passes this benefit back to you directly by reducing the amount of tax that is deducted from your account. This means that you essentially receive a 15% refund of your administration fees and insurance costs.

If you have exposure to Australian shares, tax offsets gained through franking credits are reflected in unit prices.

Other levies

At times, government bodies charge superannuation funds levies to recover the cost of superannuation related projects they undertook. Catholic Super may choose to pass these costs on to members in proportion to their account balance.

Defined fees

Activity fees

A fee is an activity fee if:

- 1 the fee relates to costs incurred by the trustee of a superannuation entity that are directly related to an activity of the trustee:
 - that is engaged in at the request, or with the consent, of a member; or
 - that relates to a member and is required by law; and
- 2 those costs are not otherwise charged as administration fees and costs, investment fees and costs, transaction costs, a buy-sell spread, a switching fee, an advice fee, or an insurance fee.

Some super funds may apply a fee if you make a contribution splitting request, family law information request or a family law account split request. **Catholic Super does not charge any activity fees.**

Administration fees and costs

Administration fees and costs are fees and costs that relate to the administration or operation of the superannuation entity and include costs incurred by the trustee of the entity that:

- 1 relate to the administration or operation of the entity; and
- 2 are not otherwise charged as investment fees and costs, a buy-sell spread, a switching fee, an activity fee, an advice fee, or an insurance fee.

Administration fees and costs help cover the cost of running a superannuation fund.

Catholic Super charges an administration fee of \$1 per week, plus 0.19% p.a. of your account balance (up to a maximum of \$950).

Catholic Super claims a tax deduction on administration fees and passes this benefit back to you directly by reducing the amount of tax that is deducted from your account.

Advice fees

A fee is an advice fee if:

- 1 the fee relates directly to costs incurred by the trustee of the superannuation entity because of the provision of financial product advice to a member by:
 - a trustee of the entity; or
 - another person acting as an employee of, or under an arrangement with, the trustee of the entity; and
- 2 those costs are not otherwise charged as administration fees and costs, investment fees and costs, a switching fee, an activity fee, or an insurance fee.

Buy-sell spreads

A buy-sell spread is a fee to recover costs incurred by the trustee of a superannuation entity in relation to the sale and purchase of assets of the entity.

Some super funds may charge a buy-sell spread to recover the cost of buying and selling various investments when you change your investment options. **Catholic Super does not charge a buy-sell spread to your account.**

Exit fees

An exit fee is a fee, other than a buy-sell spread, that relates to the disposal of all or part of a member's interests in a superannuation entity.

Catholic Super does not charge an exit fee.

Insurance fees

A fee is an insurance fee if:

- 1 the fee relates directly to either or both of the following:
 - insurance premiums paid by the trustee of a superannuation entity in relation to a member or members of the entity;
 - costs incurred by the trustee of a superannuation entity in relation to the provision of insurance for a member or members of the entity;
- 2 the fee does not relate to any part of a premium paid or cost incurred in relation to a life policy or a contract of insurance that relates to a benefit to the member that is based on the performance of an investment rather than the realisation of a risk; and
- 3 the premiums and costs to which the fee relates are not otherwise charged as administration fees and costs, investment fees and costs, transaction costs, a switching fee, an exit fee, an activity fee, or an advice fee.

Insurance fees include the cost of your insurance cover in Catholic Super, if you have it. You may have received this cover automatically when you joined, or you may have applied for it.

Catholic Super deducts the cost of your insurance cover from your account on the last day of every month. Your insurance costs are inclusive of insurance premiums and an insurance fee, calculated as 4% of premiums. We pay the premiums to the insurer and retain the insurance fee.

You can find more information relating to the costs of insurance cover in our *Insurance in your super* guide, available at **csf.com.au/pds**

Investment fees and costs

Investment fees and costs are fees and costs that relate to the investment of the assets of a superannuation entity and include:

- 1 fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees); and
- 2 costs incurred by the trustee of the entity that:
 - relate to the investment of assets of the entity; and
 - are not otherwise charged as administration fees and costs, a buy-sell spread, a switching fee, an activity fee, an advice fee, or an insurance fee.

Investment fees and costs cover the costs associated with investing, including the fees paid to external managers and custodians. They are not deducted from your account directly, but are deducted from the underlying asset value and are reflected in the daily unit prices.

Performance-related fees

Any performance fees that Catholic Super pays directly to an investment manager are paid only if the manager outperforms its benchmarks by a certain hurdle rate. If the manager exceeds the hurdle, we will apportion the amount of the fee payments to the unit prices of those investment options to which the fee relates. Unit prices will be adjusted monthly to reflect actual performance payments to external managers.

Performance fees cannot be known precisely in any given year, since the managers' outperformance cannot be anticipated. Performance fees disclosed in this guide are based on a 5-year average.

Switching fees

A switching fee for a MySuper product is a fee to recover the costs of switching all or part of a member's interest in a superannuation entity from one class of beneficial interest in the entity to another.

A switching fee for a superannuation product other than a MySuper product is a fee to recover the costs of switching all or part of a member's interest in the superannuation entity from one investment option or product in the entity to another.

Some super funds may charge you a fee when you change your investment options. **Catholic Super does not charge a fee to switch your investment options.**

Transaction costs

Transaction costs are costs associated with the sale and purchase of assets of the superannuation entity other than costs that are recovered by the superannuation entity charging buy-sell spreads.

Transaction costs are incurred when assets are bought and sold. They are not deducted from your account directly, but are deducted from the underlying asset value and are reflected in the daily unit prices.

The transaction costs for each investment option are shown in the *Estimated fees and costs for each investment option* table earlier in this document.
