

Step 2 – Make an Investment Choice

You can choose between our Default Strategy or your own mixture of our investment options. If you do not choose your own mixture of one or more of our investment options, the following Default Strategy will apply:

Ages 50 and under:	100% Aggressive
Age 51:	67% Aggressive and 33% Balanced
Age 52:	33% Aggressive and 67% Balanced
Ages 53 and over:	100% Balanced

NOTE: All future contributions will be paid into the Default Strategy in the percentages for ages as above.

As you move into the different age groups, your investment will be transitioned from Aggressive to Balanced. For more information about our Default Strategy, please refer to www.csf.com.au/default-strategy, and our *Investment Guide* available at www.csf.com.au/super-pds.
